

Kinder Skills Group

Facilitated by our Paediatric Occupational Therapist (OT), enrolments are now open for our **Term 2 Kinder Skills Group**. This group is suitable for children attending 4-year-old kinder program at childcare or kindergarten in 2022.

The Kinder Skills group will provide your child with an important opportunity to practice and strengthen the skills required for Kindergarten. These include:

- Sharing
- Taking turns
- Listening and following directions
- Following rules
- Transitioning and flexibility

The group will run for 9-10 weeks on a Wednesday or Friday morning from 9:30 to 10:30 am. **Places are limited to 6 children only.** Consistent attendance is highly recommended as each session builds on skills from the previous session.

Parents/caregivers are invited to attend and observe each session, enabling you to support the skills learnt at home. Unfortunately, we request that siblings do not attend the group and alternative care arrangements are made.

Where:	Connect Health and Community, 2a Gardeners Road East Bentleigh 3165
Cost:	\$10
